TESTIMONIALS

Our satisfied clients include:

**FOR MUNICIPALITIES
- THE APP THAT CHANGES
THE AREA !**

3 AIMS

illiwap - the app for citizen alerts, information and civic engagement.

ALERTS

Weather warnings, local authority orders, health advice, power or water cuts, etc.

INFORMATION

Intercommunality news: roadworks, events, closures, registrations.

CREATE

a link with residents by offering them an interactive tool.

ILLIWAP A SOLUTION

SIMPLE AND INSTANT :

For both administrators and residents, illiwap was designed to be **as fun as possible**.

Write your message in less than 2 minutes and click 'send': your subscribers will receive information **in real time**.

FRENCH :

We have been developing the illiwap app at our site in **Saint-Etienne**, since 2015. Our development engineers **work every day**, taking into account requests from intercommunalities.

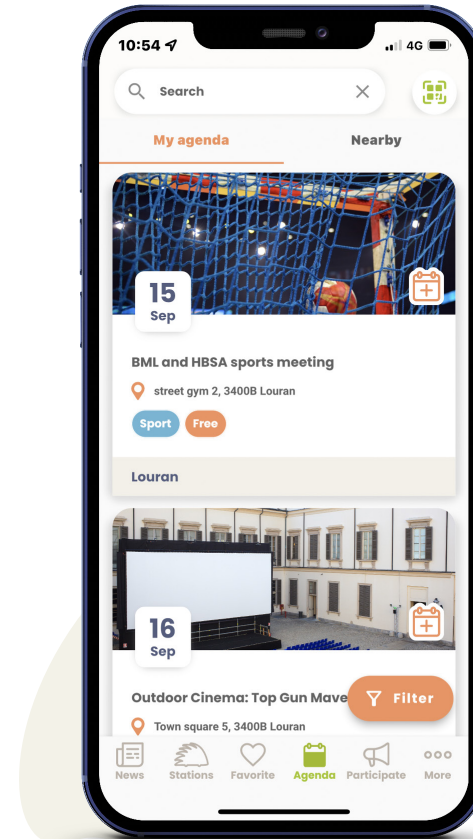

COMPLEMENTARY :

The app can be linked to the various communication tools you already use: **website, display panels, Facebook, Twitter, etc.**

This allows you to create an effective synergy between your communication tools.

POPULAR :

100% of our member communes and intercommunalities recommend illiwap for its ease of use, quality and support.

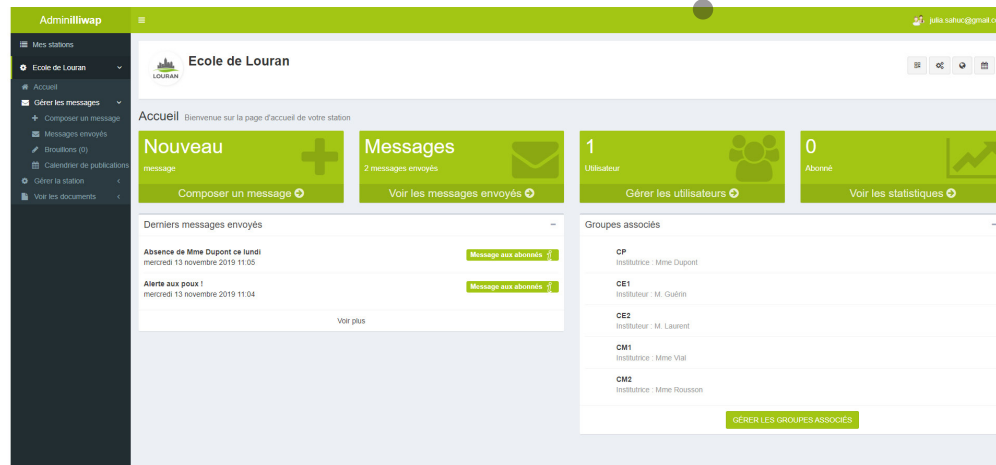

100% ONLINE

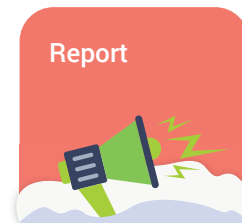

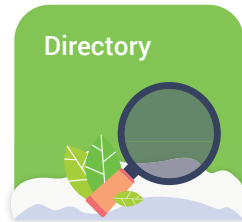

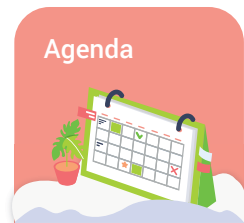

A simple, intuitive administration area for the intercommunality

An administration area for linked stations

ILLIWAP OUR OPTIONS

ILLIWAP IN THE LOCAL AREA

illiwap has gone viral
with over 500 000 subscribers !

**FOR CITIZENS,
THE APP THAT
CHANGES LIFE !**

ILLIWAP - A USEFUL EVERYDAY APP FOR CITIZENS

Receive alerts, information and news about events in your intercommunality in real time with illiwap.

‘Being able to communicate easily with my intercommunality to suggest ideas, report problems and respond to surveys is a real plus. I feel involved in the life of my local area’.

FREE AND UNLIMITED

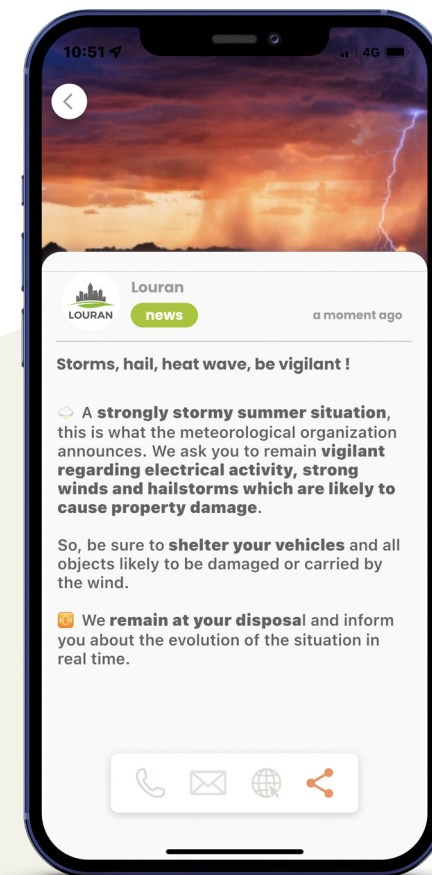

illiwap can be accessed quickly with an Internet connection and is available 24/7. It can be downloaded on all Apple and Android smartphones from their respective app stores.

ANONYMOUS AND AD FREE

No data is collected (you do not need to give your name, telephone number or email address).

INTERACTIVE

Lots of features dedicated to civic engagement to allow local residents to report problems, respond to surveys and suggest ideas to intercommunalities and their member local governments.

RECEIVE INFORMATION

ALERTS AND NEWS

'I receive a notification or text message on my smartphone when a news item or alert is sent'.

LINKED STATIONS

'If my commune or intercommunality has decided to create several illiwap stations for associations, schools, roadworks, etc., I can follow only the ones that interest me'.

EVENTS

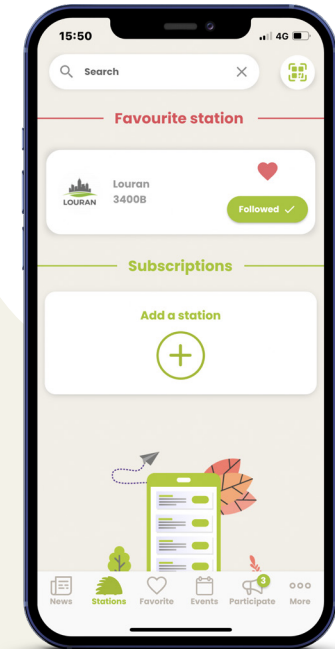

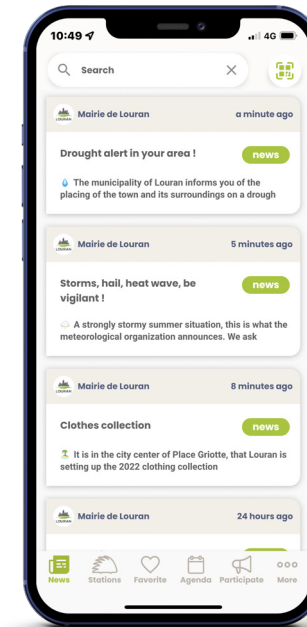

'Using the calendar, I can see all events in my commune or intercommunality and neighbouring communes or intercommunalities, based on my interests'.

SURVEYS

'I receive a notification whenever the commune or intercommunality needs my opinion as a citizen'.

RESPONSES TO REPORTS

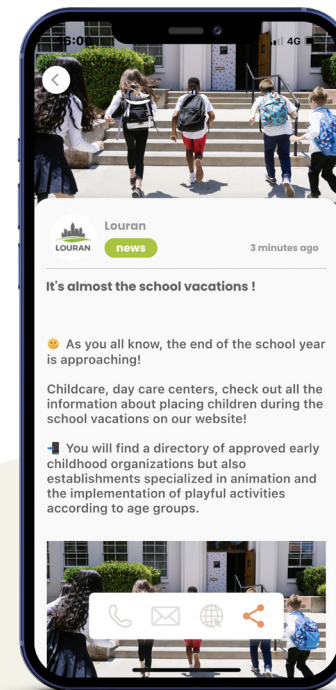

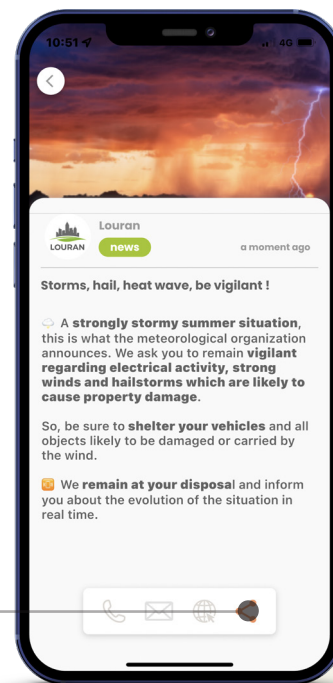

'In my illiwap app, I can see all the reports I have submitted and their progress as well as any responses from my commune or intercommunality'.

ILLIWAP - A USEFUL EVERYDAY APP FOR CITIZENS

From their news feed, citizens can click on each message to see the details.

Users can click and zoom in on images and PDF files in the content of the message. They can also share information with their personal contacts who do not have illiwap if there is an important alert.

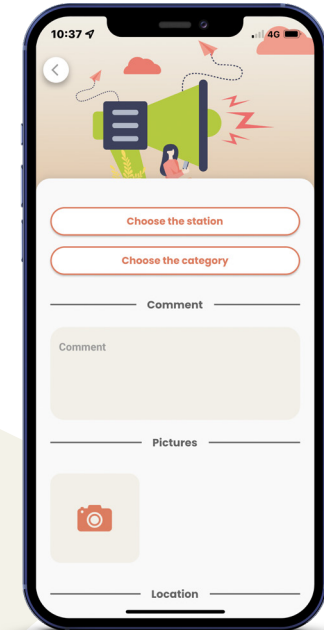

CIVIC ENGAGEMENT

Citizens can participate in intercommunality life through the civic engagement features :

- Citizen reports
- Suggestion box
- Surveys

Intercommunalities can choose to activate only the features that interest them.

We are offering you a 30-day free trial to try out all our features !
